

FATMA ALZAHRAA BAHAA ELDIN

Full-Stack Web Developer | MEAN Stack Developer

Minia, Egypt | 01023071725 | fatmabahaadv@gmail.com

www.linkedin.com/in/fatma-bahaa | <https://github.com/fatmabahaa>

SUMMARY

Full-Stack Web Developer with hands-on experience in MEAN stack development, including Angular, Node.js, Express.js, MongoDB, JavaScript, and RESTful APIs. Experienced in developing web applications and integrating frontend, backend, and database components. Also skilled in Flutter mobile application development and data analysis through practical projects and training.

EDUCATION

Sadat Academy for Management Sciences [2024_2027]

Management Information System (MIS)

WORK EXPERIENCE

Career Development Trainee | National Telecommunication Institute (NTI) (2026)

- Participated in career development training focused on professional skills, workplace readiness, communication, and career planning.

Web Development / MEAN Stack Trainee | National Telecommunication Institute (NTI) (Aug2026 – Sep2026)

- Completed intensive hands-on training in full-stack web application development using Angular, Node.js, Express.js, and MongoDB.
- Developed scalable web interfaces and integrated backend RESTful APIs with database systems to optimize application performance.

Banking Trainee | Banque Misr (Aug 2026_Sep2026)

- Participated in practical training sessions covering core banking procedures, customer account management, and financial services.

Data Analysis Trainee | Middle Egypt Electricity Distribution Company (July2025_Aug 2025)

- Received practical training in data analysis and worked with data-related tasks and analytical processes.

Banking Operations Intern | Commercial International Bank (CIB) (Aug 2024_Sep2024)

- Gained hands-on exposure to core banking operations and customer service workflows in branch environments.

Administrative Intern | Middle Egypt Electricity Distribution Company (July 2024_Aug2024)

- Assisted with daily administrative tasks, documentation, and internal workflow management systems.

PROJECTS

Student Course Management System | Angular, Node.js, Express.js, MongoDB

- Developed a web-based student course management system using the MEAN stack and integrated frontend, backend, and database components.

BMI Calculation Mobile App | Flutter | Individual Project

- Developed a mobile application that calculates Body Mass Index (BMI) and displays the calculated result.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, Angular
TypeScript, Bootstrap

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, SQL, MySQL

Programming: Java, C++, Dart

Tools: Git, GitHub, VS Code, Postman

Mobile: Flutter

Soft Skills

Problem Solving: Debugging frontend, backend, and API issues

Time Management: Effective task prioritization and deadline management.

LANGUAGES

Arabic: Native | **English:** Good
